

CLAIM AMENDMENTS

Please amend the claims as follows:

1 1. (currently amended) A hang-line towel comprising:
2 a uniformly planar towel having a hang line attached predeterminedly
3 to a top edge of the towel;
4 the hang line having ends that can be positioned closely as a hang loop
5 intermediate a first attachment portion of the towel and a second attachment portion
6 of the towel;
7 the first attachment portion of the towel being predeterminedly
8 proximate a first top corner of the towel;
9 the second attachment portion of the towel being a predetermined
10 distance from the first top corner towards a second top corner of the towel;
11 the hang loop being articulated to encircle predeterminedly a
12 predetermined towel-hang portion of an individual's torso for hanging the towel
13 from the individual;
14 the towel being articulated to extend predeterminedly down from the
15 towel-hang portion of the individual's torso and having an unattached bottom edge
16 to allow the towel to hang freely so it can be moved to wipe the individual's torso;
17 and
18 the towel being articulated to extend from a first side of the individual
19 that is vertically below the first top corner of the towel to a second side of the
20 individual and to extend about the individual predeterminedly.

1 2. (original) The hang-line towel of claim 1 wherein:

2 the towel-hang portion of the individual's torso for which the hang loop
3 is articulated to encircle is the individual's neck.

1 3. (original) The hang-line towel of claim 2 wherein:

2 the towel is articulated to extend to proximate a mid section of the
3 individual's torso.

1 4. (withdrawn) The hang-line towel of claim 2 wherein:

2 the towel is articulated to extend to predeterminedly below a genital
3 portion of the individual's torso.

1 5. (withdrawn) The hang-line towel of claim 4 wherein:

2 the towel is articulated to extend completely about the individual's
3 torso; and

4 the second top corner and the first top corner of the towel include a top-
5 corner fastener with which the first top corner and the second top corner can be
6 fastened together.

1 6. (withdrawn) The hang-line towel of claim 1 wherein:

2 the towel-hang portion of the individual's torso for which the hang loop
3 is articulated to encircle is the individual's waist.

1 7. (withdrawn) The hang-line towel of claim 6 wherein:

2 the towel is articulated to extend to predeterminedly below a genital
3 portion of the individual's torso.

1 **8. (withdrawn)** The hang-line towel of claim 7 wherein:
2 the towel is articulated to extend completely about the individual's
3 torso; and
4 the second top corner and the first top corner of the towel include a top-
5 corner fastener with which the first top corner and the second top corner can be
6 fastened together.

1 **9. (original)** The hang-line towel of claim 1 wherein:
2 the towel includes a valuables container that is articulated to receive and
3 to retain at least one valuable item predeterminedly.

1 **10. (original)** The hang-line towel of claim 1 wherein:
2 the towel includes at least one pocket.

1 **11. (withdrawn)** The hang-line towel of claim 10 wherein:
2 the pocket is articulated to contain and to prevent unintended removal
3 of a wallet predeterminedly.

1 **12. (original)** The hang-line towel of claim 1 wherein:
2 the towel includes a hook fastener that is articulated to fasten items that
3 include at least a key and a finger ring to the towel.

1 **13. (original)** The hang-line towel of claim 1 wherein:

2 the attachment of the hang line to the towel is tension releasable with
3 at least one pressure-release fastener for allowing release of attachment.

Q1 1 **14. (original)** The hang-line towel of claim 1 wherein:

2 the hang line is selected from a class of lines that includes rope, string,
3 belting, chain, and cloth fabric.

1 **15. (withdrawn)** The hang-line towel of claim 1 wherein:

2 the hang line includes advertisement material.

1 **16. (withdrawn)** The hang-line towel of claim 1 wherein:

2 the towel includes advertisement material.

1 **17. (withdrawn)** The hang-line towel of claim 16 wherein:

2 the hang line includes advertisement material.

1 **18. (withdrawn)** The hang-line towel of claim 1 and further comprising:

2 a containment fastener on each of four corners of the towel being four
3 fasteners for fastening the four corners together for furoshiki use.

1 **19. (withdrawn)** The hang-line towel of claim 18 wherein:

2 the towel includes substantial rectangularity and two of the containment
3 fasteners are positioned as square-distance fasteners at proximate a towel-width
4 distance from a first end of the towel.

1 **20. (withdrawn) A method comprising the following steps for advertising**
2 **with a hang-line towel having a hang line attached predeterminedly to a top edge of**
3 **the towel; the hang line having a hang loop intermediate a first attachment portion**
4 **of the towel and a second attachment portion of the towel; the first attachment**
5 **portion of the towel being predeterminedly proximate a first top corner of the towel;**
6 **the second attachment portion of the towel being a predetermined distance from the**
7 **first top corner towards a second top corner of the towel; the hang loop being**
8 **articulated to encircle predeterminedly a predetermined towel-hang portion of the**
9 **individual's torso for hanging the towel from the individual; the towel being**
10 **articulate to extend predeterminedly down from the towel-hang portion of the**
11 **individual's torso; and the towel being articulated to extend from a first side of the**
12 **individual that is vertically below the first top corner of the towel to a second side**
13 **of the individual and to extend about the individual predeterminedly; the steps**
14 **including:**

15 **providing a hang-line towel having desired design**
16 **features;**

17 **placing advertising material on the hang-line towel**
18 **predeterminedly; and**

19 **distributing the hang-line towel to societal members**
20 **targeted for sales of intended products.**

1 **21. (withdrawn) A method for advertising comprising the following**

2 **step:**

3 positioning advertisement material on a hang-line towel having
4 a hang line attached predeterminedly to a top edge of the towel; the hang line having
5 a hang loop intermediate a first attachment portion of the towel and a second
6 attachment portion of the towel; the first attachment portion of the towel being
7 predeterminedly proximate a first top corner of the towel; the second attachment
8 portion of the towel being a predetermined distance from the first top corner towards
9 a second top corner of the towel; the hang loop being articulated to encircle
10 predeterminedly a predetermined towel-hang portion of the individual's torso for
11 hanging the towel from the individual; the towel being articulate to extend
12 predeterminedly down from the towel-hang portion of the individual's torso; and the
13 towel being articulated to extend from a first side of the individual that is vertically
14 below the first top corner of the towel to a second side of the individual and to
15 extend about the individual predeterminedly.
